

*Dedicated to Safety Since 1959*

## **WE TAKE SAFETY SERIOUS**

Do you know what you need?

Do you know what the SFI rating means ?

Do you know what the TPP rating actually means ?

Do you know that you can use a higher rated suit then is required ?

Look at this chart below:

SFI Rating	TPP Value	Time to 2nd Degree Burn
3.2A/1	6	3 Seconds
3.2A/3	14	7 Seconds
3.2A/5	19	10 Seconds
3.2A/10	38	19 Seconds
3.2A/15	60	30 Seconds
3.2A/20	80	40 Seconds

Here at RJS, we are always working to develop new products to make racing safer. By the time you read this, we are already developing new suits in SFI 3.2a/10 rating at a very affordable cost with better comfort.
